APPROVAL OF THE MINUTES FROM THE PREVIOUS MEETING:

The minutes of October 15, 2007 and November 9, 2007 meetings of the Board of Commissioners were approved as presented.

PUBLIC HEARING

President Klunk convened a public hearing to consider a request to rezone a 1.63 acres parcel from Shopping/Commercial (SC) to Urban Residential (R-8). The public hearing was properly advertised in the Hanover Evening Sun.

Zoning Officer Menges reading from the York County Planning Commission minutes stated that the project involves a proposal to rezone a parcel of land in Penn Township (Tax Map 06, Parcel 43B) containing approximately 1.63 acres from

Shopping/Commercial (S/C) to Urban Residential (R-8). This request is being made by Jeffrey Garber and Todd Grim, realtors for Remax located at 1147 Eichelberger Street.

The subject parcel is located in Penn Township on the north side of Manor Street and the south side of Boundary Avenue and is situated to the east of what was previously South Forney Avenue, which has been vacated and no longer provides access from Manor Street to Boundary Avenue. The parcel is presently zoned S/C Shopping Commercial.

The parcel is bordered by the Children's Discovery Day Care Center, zoned Commercial, to the north. KrillCo LLC owns the property to the west. An industrial use storage/garage building is located on the KrillCo property, which is zoned Commercial. The Park Hills Elementary School, zoned R-15 Suburban Residential, is located to the south and Single Family Semi-Detached dwellings, zoned R-8 Urban Residential, are located to the east of the project parcel.

The proposed revision to the map would expand the R-8 Urban Residential Zone to the west of an unnamed alley and extend farther west along Manor Street. This rezoning would enlarge the R-8 Urban Residential District by 1.63 acres and this parcel would be bordered by S/C Shopping Commercial to the north and west and R-15 Suburban Residential to the south.

The parcel is currently an open field and contains a small stream and trees bordering the northern boundary. There are no existing structures on this parcel. Public water and sewer are available at this site.

The Penn Township Comprehensive Plan Future Land Use Map designates the subject parcel as being in the Commercial Primary Growth Area. The Comprehensive Plan designates the subject parcel as having a Current Land Use of Residential.

According to the York County Comprehensive Plan, the subject parcel lies within an Established Primary Growth Area.

The staff of the York County Planning Commission recommends that the proposed rezoning be conditionally approved provided the recommendation noted in Comment #1 below is addressed. Comment # 2 notes the principal reason for support of the recommendation of conditional approval:

1. If the proposed amendment is to be adopted, in order to ensure consistency between the comprehensive plan and zoning ordinance, Township officials should amend the comprehensive plan to reflect the proposed zoning amendment. Section 603 (j) of the Pennsylvania Municipalities Planning Code requires that when ". . . a municipality amends its zoning ordinance in a manner not generally consistent with its comprehensive plan, it shall concurrently amend its comprehensive plan...." This requirement regarding zoned amendments applies to

proposed revisions to the zoning map and/or text.

2. The location and accessibility of Parcel 43B make it less feasible to be developed commercially than for residential purposes, as it has no direct access to Boundary Avenue, a through street which provides access to a variety of zones and uses. The only accesses to the subject parcel are residential neighborhood streets.

At the Penn Township Planning Commission on September 6, 2007 Planners Van de Castle/Marsh moved for a favorable recommendation to the Penn Township Board of Commissioners on this request. The motion carried on a 7-0 vote.

The applicants are requesting the rezoning to construct a multi family unit, which will require special exception approval from the Zoning Hearing Board. They will also have to submit a land development plan to be reviewed by the Penn Township Planning Commission.

D. J. Hart, attorney for Jeffrey Garber and Todd Grim, represented this request. They have a sales agreement to purchase the property from Mr. and Mrs. Fabian. The property is located between the football field at Park Hills Elementary and the commercial uses located along Boundary Avenue. According to Atty. Hart, this parcel has been denied seven separate commercial uses proposed for this site. There is no commercial access to the property, which is located along a paper alley vacated by the Township. The other properties in the area are generally commercial and residential. The current zoning would allow the parcel to be used as eating establishments, clubs, or other industrial uses. These usages would allow more lot coverage than would be allowed on a residentially zoned property. The applicants provided copies of plans that showed an eight-unit multifamily home for the parcel. A variance was approved for a twelve-unit multifamily home but the project was never followed through.

There was no comment from the public with regards to the rezoning request.

Commissioners Felix/Johnson moved to approve a request dated July 18, 2007 from Jeffrey Garber and Todd Grim to rezone parcel 43B, tax map 06, from shopping/commercial to R-8 urban residential. They further moved to authorize the Township Manager to advertise the appropriate ordinance for adoption by the Board of Commissioners on December 17, 2007. Motion carried 5-0.

Commissioner Klunk adjourned the Public Hearing and resumed the Board of Commissioners meeting.
