

New Refuse and Recyclables Hauler Starting January 1, 2018

Effective January 1, 2018 the Township's new hauler for the collection of curbside trash and recyclables will be Penn Waste. Residential trash and recyclables will continue to be collected on the same schedule as with the previous hauler. We will try to make the transition as seamless as possible. All of the same rules apply as in the past. Please be patient with the new hauler. If you have a problem please call 717-637-1561. Below are some of the different trucks you might see.
