

Penn Township Public Works Department is scheduled to install a leveling course on Beck Mill Road between Martins Ridge Drive and Boulder Road next week. Residents and businesses will be granted access to their driveways.

It is anticipated, that temporary traffic control will be accomplished through the use of cones to channelize traffic and also the use of flaggers when necessary. W.D. Wright Contracting Inc. has been scheduled to supply temporary traffic control on September 13<sup>th</sup> and 14<sup>th</sup>.
