FEDERAL I.D. OR SOC. SEC. # _____

AN AMENDMENT TO WORKERS' COMPENSATION ACT REQUIRING PROOF OF WORKERS' COMPENSATION INSURANCE BY SUBCONTRACTORS AS A REQUIREMENT FOR ISSUANCE OF BUILDING PERMITS - EFFECTIVE JULY 2, 1993.

"Prior to issuing a building permit or plumbing permit to a contractor, a municipality shall require the contractor to present proof of Workers' Compensation Insurance or an affidavit that the contractor does not employ other individuals and is not required to carry Workers' Compensation Insurance".

The applicant, as stated above, for any building and/or plumbing permit is not permitted to employ any individual to perform work pursuant to any building and/or plumbing permit. If a building and/or plumbing permit is issued based on this affirmation that the subcontractor does not employ other individuals and is not required to carry Workers' Compensation Insurance, and Penn Township subsequently receives actual knowledge that the contractor has hired persons to perform work under the building permit but has not obtained Workers' Compensation Insurance, the municipality will issue a stop work order. Any such stop work order must remain in effect until property Workers' Compensation coverage is obtained.

This shall serve as written affirmation to the above statements. I have read and understand the instructions as written above, and have received a copy of this notice.
