

PENN TOWNSHIP PLANNING COMMISSION
JUNE 2, 2005

Chairman Black called to order a meeting of the Penn Township Planning Commission at 7:00 P.M. on June 2, 2005 at the Penn Township Municipal Building. Also present were Planning Members Ray Van de Castle, Fred Marsh, Wendell Felix, Michael Brown, Michael Johnson and James Butt. Also present was Zoning Officer John Menges.

The approval of the May 5, 2005 Planning Commission minutes was tabled until July.

The Planning Commission received the following zoning appeals and will make recommendations to the Zoning Hearing Board:

Z05-19 – MARION BASTA, 47 Cardinal Drive, Hanover, PA 17331. Applicant request a variance to Section 203.3 (Area and Bulk Regulations) to construct a sunroom that encroaches into the rear setbacks. The property is located in the R-15 zone.

Marion Basta, 47 Cardinal Drive, represented this request. Ms. Basta stated that she wants to install a sunroom for her husband who has been housebound with MS since October. This would allow him an opportunity to see the outside and get fresh air. She stated that he has become very depressed with the condition and hopes this will help alleviate some of the depression. There is an existing concrete slab on the house. The sunroom is proposed to be 12' x 15' and the existing slab is 10' x 16'. The rear setback would be a four-foot setback infringement. When this development was constructed decks and pools could encroach half way into the rear setback. The house was constructed in 1987 and Ms. Basta has owned it for two years.

Planners Johnson/Marsh moved for a favorable recommendation to the Penn Township Zoning Hearing Board on case Z05-19 – Marion Basta requesting a variance to Section 203.3 (Area and Bulk Regulations) to construct a sunroom that encroaches in the rear setbacks as it meets the requirements for a variance as set forth in Section 502.3 a) thru f). Motion carried on a 7-0 vote.

Z05-20 –WADE A. ECKERT, 786 Blooming Grove Road, Hanover, PA 17331. Applicant requests a variance to Section 300.7 (Decks) to construct a deck on the side of the home. The property is located in the R-15 zone.

Wade A. Eckert, 786 Blooming Grove Road, represented this request. Planned Black noted that the application states the deck would technically be located to the side of the house instead of the rear but it is the rear of the house as it is used. They would like to build the deck on the side because that is where the door and fenced yard are located. There is no door on the back of the house. The deck would be located within the setbacks. There are a couple of covered porches on the house. This property is located between Hoff Road and Codorus State Park. It is just passed Anthony Drive. It was noted that if the room was enclosed this applicant would not be here. The applicant is here because decks are not allowed in the side yards. Zoning Officer Menges noted that three extensions have been added to this house that has

contributed to this situation. Next to the proposed deck would be next to the neighbors driveway. The deck would be composed of grey composite decking and white vinyl rails that would match the house. The applicant has owned the property for three years and added the covered porch.

Planners Butt/Brown moved for a favorable recommendation to the Penn Township Zoning Hearing Board on Z05-20 – Wade A. Eckert, requesting a variance to Section 300.7 (Decks) to construct a deck on the side of the home, as it meets the requirements for a variance as set forth in Section 502.3 a) thru f). Motion carried on a 6-1 vote with Planner Felix casting the dissenting vote

The Planners received the following waiver or exoneration requests:

McClarín Plastics, Inc. is requesting an exoneration from land development plans for additional paving.

They want to expand the truck access at their facility on 15 Industrial Drive by an additional 1700 square foot area.

Planners Johnson/Felix moved for an unfavorable recommendation to the Penn Township Board of Commissioners on this request. Motion carried on a 6-0 vote with Planner Van de Castle abstaining.

George M. Wildasin, C.E. Inc. on behalf of Snyder's of Hanover, Inc. is requesting an exoneration from land development plans for additional paving.

They are proposing an additional parking area of 50 spaces and paving three additional grass areas that truck traffic is encroaching for a total paved area of 21,525 square feet.

Planners Felix/Van de Castle moved for an unfavorable recommendation to the Penn Township Board of Commissioners on this request. Motion carried on a 6-0 vote with Planner Butt abstaining.

There was no action taken on this plan.

Zoning Officer Menges noted that there has been a rezoning request submitted for a property located off of Baltimore and Grandview behind Sackett's in the alley behind the Exxon. This property is bound by the properties on Baltimore Street on the west side, by Melodie Lane on the north side, by a property on the east side owned by Baranski, and on the south side by residential lots. It is 3.73 acres and is undeveloped. It has public sewer and water. The applicants are Baker's Dozen c/o of Donald J. Little, Sr. They want to change the zoning to Shopping Commercial to build self storage units which is a use by special exception in the S/C zone. This would not be spot zoning because it would be an extension of current zoning. There is no street frontage for the property.

The meeting adjourned at 7:28 P.M.

Respectfully submitted,

Kristina Rodgers, Recording Secretary
